CALCULER
(EScore)

Intelligent Consumer Credit Data Analyzer

Automate Consumer Credit Data Retrieval, Analysis, and Integration with a Secure, API-Driven Platform Designed for Modern Banking Operations.

Why Calculer?

Simplify your Consumer Credit Process with an Intelligent Solution that Automates Data Collection, Eliminates Manual Effort, and Delivers Reliable Credit Information From a Single Platform. Calculer Helps Financial Institutions Improve Efficiency, Increase Transparency, and Accelerate Lending Decisions while Keeping Data Secure within the Bank's Environment.

KEY Capabilities

- Automated Credit Data Processing
- Centralized Credit Intelligence
- API-Based Integration
- Secure Bank -Hosted Deployment
- Intelligent eCIB Data Extraction

Business Benefits

- Accelerate Consumer Credit Processing.
- Gain Greater Control Over Credit Workflows.
- Adapt to Changing Regulatory Requirements.
- Support Business Growth Through Automation.
- Reduce Operational Complexity.
- Improve Transparency and Analysis.
- React Quickly to Market Changes.

Automating Consumer Credit Intelligence for Faster, Smarter Banking Decisions.
